## CBM PRAYERLINE

### Suraj Komaravalli

Please join us in praying for Suraj, serving as Team Leader for CBM's ministries in India. He manages our field staff and church partnerships, engaging in a variety of ministries - leadership training, community development and evangelism. Suraj requests prayer for the following items: 1. To continue to be strong in Christ and minister to the best of my ability, 2. For our Indian partners as they slowly understand and strive for sustainability, 3. For a stronger culture of integral mission among the local churches

### Human Rights Day

December 10 is Human Rights Day. “This year, Human Rights Day marks the 70th anniversary of the Universal Declaration of Human Rights, proclaiming the inalienable rights which everyone is inherently entitled to as a human being - regardless of race, colour, religion, sex, language, political or other opinion, national or social origin, property, birth or other status.” Please pray that human rights would be upheld around the world. Please pray for CBM's programs that help children to access education, assist women with literacy training, and provide alternative sources of income. Also, remember the Syrian refugees that receive support through our projects in Lebanon. As we seek to help alleviate the effects of poverty, may the love of Jesus shine brightly.

### Health and Sanitation

CBM is working with a local partner in El Salvador, ENLACE, to support health and sanitation within impoverished communities. Through the latrine project, families are able to replace their pit latrines with composting latrines, which prevent waste from contaminating water sources. Nearly half of El Salvador's rural population suffers from inadequate waste disposal that leads to waterborne diseases. Please pray for local leaders and church communities as they seek to partner with us in this initiative, that they would effectively deliver education, health awareness training and technical support to the community. We also pray that waterborne diseases would significantly reduce. We pray especially for children under the age of five, the most vulnerable. May our partnership with ENLACE continue to help community members to improve their health and ability to thrive.
